## INTRODUCTION:

The prime objective of Design Renaissance is to service the real estate industry.

We have been providing that service very successfully to hundreds of real estate agencies for around ten years, and we are here to stay.

We have a huge service range covering metropolitan Adelaide and near country areas on a daily basis and we service anywhere in Australia. We believe our turnaround production times and service range is the best in South Australia.

Design Renaissance has invested heavily in the latest digital technology which enables us to supply you with the highest quality rented real estate signs available today. We take pride in the quality of the product we supply reliably and consistently, and our aim is to fulfill your requirements in a way that gives you a complete sense of confidence.

This document is a supplement to the information supplied as PDF files on the Main Real Estate web site page.

This information specifically shows examples of Elders Real Estate signage and gives a visual guide to relative sizes.

These sign layouts are examples only and the variations possible are endless. When layout is determined we are guided by the content you supply, your suggestions and the suggestions of your clients.

Any of the signs shown here can be produced and installed or packaged for you to install anywhere in Australia.

You need to be aware that these are examples of standard signage we rent to Elders Real Estate agencies. We can also produce individually designed signage for outright purchase by agencies or developers.

If you wish to rent bigger signage from us other than that which is illustrated here you need to be aware that we can join the larger signs together to create much bigger signage solutions.

We are an innovative and progressive business and we are always interested in becoming involved with new clients and different challenges. We are keen to negotiate ways that we can work with you and meet your particular needs.

To discuss any of the signage shown on the following pages or other ideas that you may have please call us on 8391 0977

# FOR SALE

## In A Class By Itself

***"Value With Excellence!"***

This print shows an example of a Design Renaissance full digital printout sign which we can install with our high quality steel framing on your property to assist with its sale. Any combination of text and images is possible. Our signage is excellent value for your advertising dollar.
